

Adaptive Adjustment Light Field Headrest Display

An Auto-Adaptive Headrest-Mounted Light Field Screen

Technology Parameter

Visual Recognition	Accuracy >95%
Field Of View	26.8° (Diagonal)
Virtual Image Size	≥56"
Distortion Rate	≤3%
Virtual Image Distance	3m

Product Highlights

- In-house Visual Perception And Motor Algorithms Adjust Screen Angle/size In Real Time Based On Eye Position, Suiting Users Of All Heights
- Compact Light Engine With Light Field Tech Projects ≥56-inch Virtual Images Up To 3m Away, Overcoming Small Car Interior Limits
- Dynamic Distortion Correction: Real-time Fixes For Sharper, Flatter Projections
